I. Introduction to the SBA Treasury

Background:

By the decision of the Board of Trustees of Suffolk University, the Suffolk University Law School Student Bar Association has been entrusted with responsibility for the allocation, management, and distribution of the Student Activities Fee. This fee is comprised of the money collected by the University from each enrolled student, payable at the beginning of each semester, for the express purpose of student activities funding.

The Board of Trustees in consultation with the SBA determines the amount that will appear on each law student tuition bill. The Student Activities Fee for the 2013-2014 Academic Year is $120.00 per day law student and $90.00 for each evening law student. In 2006, an SBA Constitutional Amendment was enacted which froze the Student Activity Fee; however, the number of clubs continues to increase each academic year.

Composition:

The SBA Treasury is comprised of two offices: the Treasurer and the Appropriations Committee, led by a Director of Appropriations. All members of the Treasury are also members of the Appropriations Committee. The SBA Treasury strives to set an example of fairness and equal application of just procedures and processes that the Suffolk Law community can respect and follow in order to ensure that the SBA remains a fiscally sound organization.

Functions:

In order to ensure this fiscal soundness, the Treasury serves the following functions within the SBA:

The first is to diligently and responsibly allocate a portion of the student activities fee to recognized SBA organizations. This is accomplished through both the normal budgeting cycle at the beginning of the year as well as through supplemental funding cycles throughout the course of the year. All allocation decisions are initially made by the Appropriations Committee and must then be affirmed by the full SBA Board of Governors (“BOG”). In order to be recognized as an SBA organization, a group must be voted into existence by the Council of Presidents (“COP”).

In the summer before the academic year in which budgets are funded, the Appropriations Committee reviews every budget proposal and request and allocates the Student Activities Fee according to the procedures and regulations outlined in this document (Treasury Policies and Procedures) issued by the Treasury, Budget and Supplemental Funding Handbook issued by the Appropriations Committee and the Suffolk University Law School Club Regulations issued by COP. The Appropriations Committee takes into consideration factors such as need, previous expenses, event descriptions, and available resources when assessing each budget proposal.
A portion of the funds in the SBA budget is held for supplemental funding. These funds are reserved for unexpected needs during the budgeted fiscal year. A request by a student organization for supplemental funding must be brought before the Appropriations Committee which will debate the request and make a recommendation to the Board of Governors (BOG) at a subsequent meeting. Additional funding is not authorized without BOG approval.

The second function is to ensure that there are sufficient financial controls and management procedures in place to safeguard all student funds. The Law School Dean of Students, in their capacity as official advisor to the SBA, provides counsel and guidance to the Treasury with respect to these financial management procedures and controls.

The third function is to diligently and responsibly dispense, transfer and receive deposits of student funds. In order to do this, the Treasury may publish a procedures manual, will coordinate a training meeting at the end of the preceding school year (which is mandatory for at least one of either the Treasurer or the President of an organization) and hold regular office hours throughout the semester.

The fourth function of the Treasury is to monitor the budgets and spending of all student organizations, SBA committees and sections to ensure that SBA funds are being utilized in a fiscally responsible manner and in accordance with all appropriate laws and Suffolk University policies.
II. Members of the Treasury

Treasurer
The Treasurer is the Chief Financial Officer of the Student Bar Association and is responsible for managing the financial affairs of the SBA. The Treasurer maintains appropriate financial records in a professional manner, provides regular statements of financial conditions to the BOG, and ensures that funds are spent in a manner consistent with the budget adopted by the BOG.

The Treasurer approves all check requests, receives deposits and signs off on all Treasury forms. In addition, the Treasurer works closely with the Suffolk University Business Office and the Dean’s Office to ensure that sufficient controls and policies are in place to protect disbursement and receipt of student funds. The Treasurer answers questions and deals with problems involving training, forms, and any other issues pertaining to SBA finances.

Appropriations Director
The Director of Appropriations is responsible for convening the monthly meeting of the Appropriations Committee. The Director reports the committee’s recommendations regarding supplemental and new group funding requests for organizations. The Director works with the SBA Treasurer in preparing the SBA Budget and developing Treasury policy and procedures.

Associate Director(s) of Appropriations
The Associate Director of Appropriations assists the Appropriations Director in running the monthly meetings of the Appropriations Committee. The Associate Director works with the SBA Treasurer and Appropriations Director in preparing the SBA Budget and developing Treasury policy and procedures.
III. SBA Accounting System

The SBA Treasury works closely with Suffolk University Business Office and Suffolk Law Budget Office to accomplish its function and fulfill its roles and responsibilities.

In SBA’s efforts to comply with Suffolk University’s policies and procedures and to relieve pressures associated with University’s reporting and tax obligations, the Suffolk University Business Office has taken up some of SBA’s bookkeeping functions and responsibilities as of October 1st, 2013. The SBA’s accounting system is still managed, monitored and controlled within the SBA and by the SBA Treasurer; however the Business Office is responsible for posting transactions submitted by the Treasury, managing the vendor database, and providing financial and managerial reports to the Treasury for analysis. To serve its function, the Treasury must coordinate with certain offices and parties within the University to accomplish important accounting tasks. Please see the list below:

- Approved Check requests are submitted to the Suffolk University Accounts Payable, Accounts Payable Assistant
- Approved Transfers are submitted to the Controller
- Approved Deposits are submitted to either the Assistant Director or the Operations Manager of Budget Office
- Vendor Management issues and questions are handled by the Manager of Accounts Payable & Special Projects
- Reports are provided by the Controller and the Assistant Director of the Budget Office
- General issues, questions and concerns are handled by the Assistant Director/Student Activities

V. Policies and Procedures

1. Responsible Use of SBA Funds
   1.1. As all SBA funds are contributed by members of the student body as a whole as part of the student activities fee, all students, signatories and organizations are to spend allocated money carefully and judiciously as if it were their own.
   1.2. Every member of the SBA is expected to conduct any business which involves the use of SBA funds with integrity, in compliance with all applicable laws, and in a manner that excludes considerations for personal advantage or appearance of impropriety.
   1.3. The Treasury’s intent is that neither a student nor the SBA will lose or gain financially as a result of participating in SBA activities.
   1.4. The Treasury carefully monitors all expenses which are submitted for reimbursement utilizing SBA funds.
   1.5. If you are concerned about the appropriateness of a specific expense, please contact the Treasury before you incur the expense.

2. Scheduling a Meeting with the Treasury
   2.1. A meeting should be scheduled with the Treasury to make deposits, request information or clarification on any financial issues, discuss impending supplemental funding requests, or any other issue your club is facing.
   2.2. To schedule a meeting please e-mail the Treasurer.

3. Check Requests
   3.1. Check request forms require the signature of either the Treasurer or the President of an organization, group or club, and must be fully completed (see Appendix A – Forms, Check Request Form).
   3.2. Each check request must include a valid, original itemized receipt(s) or invoice for the exact amount of the services or goods rendered and a signed W-9 Form, if applicable (see New Vendor and W-9 Forms section of this document). Multiple receipts for the same organization can be included on one form.
   3.3. Receipts that list only the total amount of the goods or services without providing itemized charges are not valid. If an organization attempts to submit a receipt that is not itemized the check request will not be processed.
   3.4. Each organization must complete its own check request. If someone has reimbursements for multiple organizations, they must fill out a check request form for each organization.
   3.5. Each organization will receive a copy of the Suffolk University Tax-Exempt Form at the Treasury Procedures Meeting. These forms are also available in the SBA suite. No organization will be reimbursed for tax paid on expenditures.

4. New Vendors and W-9 Forms
   4.1. In accordance with Suffolk University policy, check requests payable to a new vendor, one that has not been used before by any given organization, must be accompanied by a W-9 Form, filled out and signed by the new vendor.
   4.1.1. These forms are available online on the IRS website (http://www.irs.gov/pub/irs-pdf/fw9.pdf), and in the SBA suite.
5. Check Runs
5.1. All check requests go through a regular approval process conducted by the SBA Treasury.
5.2. Following approval, check requests are submitted to the Suffolk University Business Office for the purpose of printing the checks.
5.3. Check runs occur on a weekly basis, every Friday (except for public holidays).
5.4. Approved check requests are submitted to the Suffolk University Business Office every Tuesday afternoon. **The deadline for check requests to be submitted in order to be processed as part of a weekly check run is Tuesday at noon - 12:00pm.**
5.5. Requests which are timely submitted will be processed within the same week.
5.6. Checks can either be held for pick up or mailed to any specified address.
   5.6.1. If the check is requested to be held for pick up, the check will be available at the Suffolk University Business Office (73 Tremont Street, 5th Floor, Boston, MA 02108) after 2 p.m. that Friday or in the Treasury Outbox drawer in the SBA suite on Monday of the following week.

6. Income and Deposits
6.1. All deposits must be accompanied by a Deposit Form (see Appendix A – Forms, Deposit Form) and approved by the organization’s Treasurer or President,
6.2. The Deposit Form must include the total of the exact amount being deposited.
6.3. Any checks collected as income **must be** paid to **Suffolk University**.
6.4. Many organizations bring in income from events and activities that they sponsor, and some organizations are specifically set up to do so. All income (cash, checks, or money orders) whether or not it is budgeted, must be deposited with a Treasury officer within 2 business days after such an event.
6.5. If the deposit is in cash, please set up an appointment with the Treasurer to make the deposit in person.
6.6. **Avoid leaving cash in the Treasury Inbox or any other SBA mailbox.**
6.7. **Under no circumstances may an organization keep cash from an event in order to pay for future expenses.**
6.8. No student organization is permitted to hold an outside bank account. The reason for this policy is two-fold:
   6.8.1. Technically, an outside bank account which collects interest renders a club a taxable entity. Taxable entities are responsible for accounting for and paying taxes each year. Clubs should not expect to hold outside bank accounts because they do not want to qualify as a taxable entity
   6.8.2. The SBA as well as the University must be able to provide continued financial control, oversight and management for all SBA funds. Bank accounts which are maintained outside of the SBA and University financial systems do not allow for this control.
6.9. Change exceeding the amount of $1 will not be accepted as part of a cash deposit. Each club is responsible for converting Coin to Cash before handing it over to the Treasury for deposit.
   6.9.1. Cash deposits should be submitted with all bills facing the same way and ordered from the highest denomination to the lowest
7. Transfers
7.1. An intra-SBA co-sponsorship of an event requires the completion of a Transfer Form (see Transfer Form, Appendix). This is to be used to transfer funds from one SBA-funded organization to another SBA-funded organization for the purpose of co-sponsoring another organization’s event, or for paying another organization for services rendered.
7.2. It is the responsibility of the student organization sponsoring the event to ensure the form is turned into the Treasury for processing within a reasonable period of time prior to or immediately following a co-sponsored event.
7.3. It is recommended that an organization seek co-sponsorship before requesting funds from supplemental funding.

8. Budget Line/Account numbers
8.1. Each organization, group, club, section, committee and liaison is assigned a budget line number in the general ledger of the SBA accounting system.
8.2. The Treasury will provide this number to the authorized members of each SBA entity upon request.
8.3. This number must be provided to in-house vendors such as Sodexo and Gordon’s Fine Wines and Liquors for automatic withdrawal from the account of the organization, at the time services of these vendors are ordered or utilized.
   8.3.1. Automatic withdrawal by an in-house vendor eliminates the need for a check request payable to the vendor.
8.4. Budget line/Account numbers must also be filled in in appropriate fields on the Transfer, Deposit and Check Request Forms.

9. Fiscal Year Period and Roll Over Policy
9.1. The SBA fiscal year runs from October 1st to September 30th each year.
9.2. At the end of each fiscal year, the entirety of prior year’s left over SBA funds is consolidated, and a roll over amount is calculated, based on reconciliation data and all possible outstanding debts of the completed fiscal year.
   9.2.1. Final roll over amount must be finalized after the last check run of the completed fiscal year.
   9.2.2. Final roll over amount is included in the total SBA revenue for the new year and is re-budgeted in accordance with the SBA fiscal budgeting process.
9.3. The SBA Budget gets presented to the BOG and voted on during the September SBA meeting.
9.4. Individual organizations, groups and clubs are allowed roll overs only to the extent of funds brought in as revenue in the prior fiscal year.
   9.4.1. Such revenue includes, but is not limited to, funds raised through fundraising, advertising and other related activities.

10. Responsibilities of Treasurers and Presidents of all SBA funded organizations
10.1. All Check Requests, Deposits and Transfers must either be signed and/or submitted by the treasurer of a club or an organization.
10.2. The treasurer of the club or organization is responsible for maintaining records of all transactions submitted to the SBA Treasury.
10.3. The treasurer of each club, group and organization should know the current balance of the organization’s account at all times.
10.4. The president of each club, group and organization is responsible for holding their treasurer accountable for responsibilities of their position and must take appropriate action if these responsibilities are not fulfilled.

11. Travel Policy
11.1. The purpose of this policy is to promote Suffolk University Law School’s representation at conferences of U.S. law student groups while maintaining fiscal accountability of all SBA dues.
11.1.1. Conference – any conference, meeting, or event consisting of the gathering of students from three or more law schools that occurs outside the Law School.
11.1.2. Organization - any student group duly recognized by the SBA.
11.2. A student organization may request reimbursement for travel expenses paid as part of attendance at a conference. Conferences must be relevant to the mission of the SBA as a whole and the individual student organization. Each organization may only be reimbursed once each fiscal year for lodging, transportation, & conference registration fees.
11.3. As with any expenses, those for travel will be reimbursed only if the organization has sufficient funds in its account.
11.4. Original, itemized receipts must be submitted as support for expenses. Credit card statements, by themselves, are not acceptable.
11.5. The following qualify for reimbursement:

11.5.1. Lodging
11.5.1.1. The Treasury will reimburse 1 standard room for 2 nights for attendance at a conference.

11.5.2. Transportation
11.5.2.1. The Treasury will reimburse transportation costs for up to 2 students attending a conference.
11.5.2.2. Transportation costs will consist of transportation to and from the conference, including but not limited to, airfare and taxi to/from airport.
11.5.2.3. The Treasury will not fund or reimburse food or transportation while at the event
11.5.2.4. Only coach class airfare will be reimbursed.
11.5.2.5. Gas mileage reimbursement for private vehicles will be calculated according to published Federal Government Privately Owned Vehicle Mileage Reimbursement Rates.

11.5.3. Conference Registration Fees.
11.5.3.1. The Treasury will reimburse the conference registration fees for up to 2 students or 1 group fee.

11.6. Conference travel submitted for approval through supplemental funding must still adhere to this policy.
11.7. Exceptions to this policy may be made at the discretion of the SBA Treasurer. Student organizations seeking an exception must consult the Treasurer before incurring expenses outside the scope of this policy in order to be reimbursed. Exceptions may be made for situations including, but not limited to, competitive events in which students are required to be in attendance for several days.
12. **Supplemental Funding Requests**

12.1. Each fiscal year, The BOG allocates a portion of the Student Activities Fee to the Supplemental Fund and the Reserve Account to act as reserves for unforeseen and/or emergency expenditures.

12.2. Existing organizations and newly authorized clubs on Probationary Status may request supplemental funding by submitting a Supplemental Funding Request to the Appropriations Committee for additional or initial funding during the year and after the initial budget request process has been completed.

12.3. The Appropriations Committee has the discretion to grant an organization supplemental funding, subject to BOG approval.

12.4. Please refer to [Budget and Supplemental Funding Handbook](#) issued by the Appropriations Committee and the [Suffolk University Law School Club Regulations](#) issued by the Council Of Presidents for the process, procedures and guidelines that govern the Supplemental Funding operation (see Appendix B-C).

13. **Outside Copy and Print Needs**

13.1. The Treasury expects clubs, committees and sections to utilize the SBA copier located in the SBA suite for as much of their copying needs as necessary. However, the Treasury realizes there are situations where an outside vendor must be utilized.

13.2. Therefore, the Treasury has set up an account with Sir Speedy located at One Milk Street, Boston, MA 02109 (Tel: 617-227-2237), for all copying needs beyond the SBA machine.

13.3. Sir Speedy should be used for projects which are either 1) beyond the functional ability of our machine or, 2) which would more efficiently be completed by Sir Speedy.

13.4. Sir Speedy can pick up and deliver any print project ordered by a club free of charge.

13.5. All clubs and organizations must submit a check request form with a copy of the Sir Speedy invoice to pay for the print services ordered.

14. **Computer and Electronic Equipment Policy**

14.1. Student groups have many different needs and requirements with regards to equipment.

14.2. All equipment purchased by an SBA-funded organization shall remain the property of the SBA and may be transferred at any time.
