LAW SCHOOL

**THE LL.M. IN LEGAL
INNOVATION & TECHNOLOGY**
AT SUFFOLK UNIVERSITY LAW SCHOOL

The legal landscape is undergoing a fundamental transformation. Technological advancements, such as generative AI, have created a growing demand for legal professionals who are adept at leveraging state-of-the-art tools. Suffolk Law's new 24-credit LLM in Legal Innovation & Technology (LIT)* can equip you with the skills you need to thrive in a rapidly changing world. You can complete the degree in one year (full-time) or two years (part-time).

THE SUFFOLK ADVANTAGE

Suffolk Law is at the forefront of 21st-century legal education. We were the first law school in the nation to offer a LIT concentration, and *National Jurist Magazine* has ranked our LIT program No. 1 in the country on multiple occasions. Bloomberg Law has named us one of the nation's most innovative law schools for two years running.

WORLD-CLASS CURRICULUM, REAL-WORLD IMPACT

You will learn innovative new methods for delivering legal services. Through cutting-edge coursework and hands-on training, you will acquire the knowledge and skills that the legal industry increasingly expects and demands. You can also choose from a robust menu of courses that explore the modern business of law and specific areas of technology at our downtown Boston campus and online.

Courses include:

- Twenty-First Century Legal Profession
- Process Improvement and Legal Project Management
- The Law of Artificial Intelligence
- Design Thinking for Lawyers and Business Professionals
- Generative AI and the Delivery of Legal Services

SHAPING THE FUTURE OF LAW

At Suffolk Law's new LIT Center, we don't just study innovation—we shape it. The LIT Center builds on the Law School's international leadership in legal innovation and technology by offering unique experiential trainings for our students, enhanced professional opportunities for our graduates, and pioneering tools to deliver legal services in new and more cost-effective ways. From developing AI-powered chatbots to building mobile court forms, the LIT Center is actively solving today's legal challenges using tomorrow's technology.

LIT LAB LEADS THE WAY

Our LIT Lab is one of the world's premier academic programs for legal technology. With a proven track record of translating academic expertise into real-world impact, the LIT Lab has helped thousands of individuals by expanding the public's access to urgently needed legal services.

EXPERIENTIAL LEARNING AND STEM

While completing your LLM in LIT at Suffolk, you'll also have the opportunity to benefit from a required externship and build your professional network. As a STEM-designated program, the LLM in LIT also qualifies international students for up to 36 additional months of OPT training.

ADMISSION REQUIREMENTS

Admission requires an existing law degree (JD or international equivalent). To learn more about admission, course requirements, and program regulations, please visit suffolk.edu/llmlit.

*Pending ABA acquiescence

ALUMNI SPOTLIGHT

“The skills and network I gained at Suffolk Law have been instrumental in my legal career, allowing me to spearhead cutting-edge initiatives at leading law firms and advise companies of all sizes on their legal operations strategies. Suffolk’s program helped me develop the mindset and practical expertise to innovate in this rapidly evolving field.”

VEDIKA MEHERA, JD '15

Director, Orrick Labs

WHY CONSIDER AN LLM in LIT?

“Drawing on Suffolk’s extensive experience in legal innovation and technology, our curriculum features cutting-edge coursework that teaches students new methods and mindsets and builds their understanding of emerging technologies.”

GABRIEL H. TENINBAUM

Professor and Assistant Dean of Innovation, Strategic Initiatives & Distance Education

“Suffolk’s LIT faculty are nationally recognized doers and builders, and they share their real-world experience with their students. The LLM in LIT program is designed to complement students’ existing black-letter law knowledge with a fresh layer of hands-on practice with modern legal tech tools.”

DYANE O'LEARY

Professor and Director, Legal Innovation & Technology Center

GET CONNECTED, STAY CONNECTED

Suffolk Law students work with our Professional & Career Development Office from the moment they arrive on campus. This office will offer you personalized career counseling and extensive job resources. Staff members will also help you develop your networking, resume writing, and interviewing skills. All these resources are free for our students and alumni. Learn more by visiting suffolk.edu/law/careers.
