Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Our academic program is designed to be systematic, cumulative and comprehensive. We do not require or expect students to have completed graduate work in clinical psychology elsewhere before starting the doctoral program. Thus, we generally discourage students from attempting to transfer in coursework they may have completed in a master's or different doctoral program in lieu of taking a required core course at Suffolk. However, we are willing to review up to 6 credits of previous coursework to determine if a transfer is appropriate. Courses in research methods, statistics, practicum or thesis will not be considered for transfer credit. Transferring up to 6 credits is not expected to impact time to completion.
