# FIRST STEPS AT SUFFOLK

## First-Year Student Experience

Students' first year at Suffolk is more than a year. It's an experience! At fall orientation, first-year students will connect with their RAM Supporter, participate in activities to help them build a sense of community, and learn how to be an inclusive Ram. First-year students are automatically registered for fall orientation (September 2) and will receive schedule details via their Suffolk email a few days beforehand. Fall orientation is required for first-year students. Please note, this event is not for families.

[suffolk.edu/fye](https://suffolk.edu/fye)

### RAM ACADEMY | AUGUST 29–31

New first-year students who've completed orientation can attend Ram Academy. This optional extension is a great way to get immersed in campus life and find out what it's really like to be a Suffolk student. Plus, incoming first-year students can make friends with other new Rams who share similar interests, while building connections with current students and members of Suffolk's faculty and staff.

Ram Academy participants choose from four tracks (Leadership, Arts & Culture, Multicultural & Social Justice, and Community Engagement & Service). Registration opens in early July. Cost: \$150.

[suffolk.edu/ramacademy](https://suffolk.edu/ramacademy)

## Transfer Student Experience

Transfer students also team up with an expert RAM Supporter—ideally during the first week of classes. We'll email transfers in late August with instructions on how to set up this meeting's date and time.

## Move-in Day

Students will select their move-in time before arrival. University Police and Boston Police will be on campus to direct traffic. Families will need to unload their cars and then immediately move them after unloading to the many parking lots near campus. Even though finding street parking can be a less expensive option, there is little availability near campus. We recommend that you plan on parking in a lot or garage.

Students will check in with Residence Life staff in the lobby of their residence hall and receive their room key. Move crews will be available to help students and families transport their belongings from their car to their room. We'll email more detailed move-in information to students in late August.

## Center for Career Equity, Development & Success

Our center helps students prepare for their professional journeys and guides them to a world of opportunities. Our expert advisors will share their industry-specific knowledge and offer career-related initiatives in and out of class. Whether students are looking for a resume review, a mentor, an internship, information on their field, or even where to start, we're here for them all along their unique career paths.

### RAM SUPPORTERS

When new Rams join the Suffolk community, they won't make their way alone. We partner every new incoming undergraduate student with a Ram Supporter. This current student will serve as an advocate, peer mentor, and guide to academic and campus life here. Ram Supporters take special pride in getting involved on campus. And because they're such experts on life at Suffolk and in Boston, they're the perfect people to guide our newest Rams.

New students will be paired with a Ram Supporter, typically based on something they have in common. Whether they're student-athletes, commuter students, in the same school or major, international students, or from outside Boston, Ram Supporters will share helpful tips on how to create a unique Suffolk experience.
